National Anthem (Interlude)

Kelly Price

heres the day i've been waitin on nfl on sunday morn but u know we need to talk right now not rite now the tv is on move out of da way da national anthem is coming on if its the national anthem u want (baby let it wait) here it here it (women if u dont go in there an get me my bib and leave me alone) and i thought i made it clear (please dont start dis again) told u to get her out of there (but i told u she was just a friend) came through ur house last nite and her bags were still there (o damn)
