

So Much I

Red Hot Chili Peppers

Next stop on the KLM
A two lips and a sturdy stem
A funny thing always happens when
I get a heavy jam
I'm gonna turn it into hydrogen I I, I I, I I, I I I I, I Cowgirl and a troubadour
MGM and the lion's roar
A straight shot to the corner store
I wanna show you what
I wanna show you what your head is for I I, I I, I I I I, I So much I wish I could
So many I wish I would
So much I wish I could
Count on you not to deplete me So much I wish I could
So many I wish I would
So much I wish I could
Count on you not to defeat me Please don't turn away again
Please don't turn me into them
Please don't turn away a friend
Please don't turn me into them Stand by for the great eclipse
Rip it out now shake your hips
Backing off the apocalypse
I gotta loosen up
I gotta loosen up to get my grip I I, I I, I I, I I I I, I So much I wish I could
So many I wish I would
So much I wish I could
Count on you not to complete me So much I wish I could
So many I wish I would
So much I wish I could
Count on you not to defeat me Please don't turn away again
Please don't turn me into them
Please don't turn away a friend
Please don't turn me into them
What you wanna do about it? Please don't turn away again
Please don't turn me into them
What you're gonna give 'em now, oh now
