

A Bell

Expert Alterations

A man came to me just the other day
asking hey doctor have you seen the signs
they're telling you to buy cigarettes and tv sets
and help increase the lines
and only being born with these two thoughts it doesn't help
the person to sleep with and the end of yourself
so happy to have just these two single thoughts
of my parts and my end
the head that's worth talking to
it's the antique trend
and isn't it a shame I was born with only eighty years of fought
expiring my needs and the expiring of my thoughts
