

Stained Glass

[Samiam](#)

Advisory - the following lyrics contain explicit language:

Behind a stained glass window
A colorful blur is all that I see
A shattered view of the world
A shattered view of me Truth is hidden by shadows
My ideas are not complete
Facts are lost to feeling
Facts are lost to feeling Facts are lost to feeling
Facts are lost to feeling
Facts are lost to feeling Time trips and slides
But I'm not dreaming
Time trips and slides
But I'm not dreaming Maybe that's why
I got the wrong impression
I got the wrong impression of you
Maybe that's why
I got the wrong impression of you Maybe that's why
I got the wrong impression
Maybe that's why
I got the wrong impression of you Time trips and slides
But I'm not dreaming
Time trips and slides
But I'm not dreaming Time trips and slides
But I'm not dreaming
[Incomprehensible] Maybe that's why, maybe that's why
I got the wrong impression of you
Maybe that's why
I got the wrong impression of you
Of you, you, you
