Iâ€™ve Had Enough

Buzzcocks

This time I've made up my mind I've had enough
What a complete waste of time I've had enoughEach morning I wake to discover that nothing's changed
The love I wished for don't exist
If it's not one thing it's another - can't carry on
But I feel powerless to resistFriends don't know what I go through I've had enough
Now see what you've made me do I've had enoughBeen trapped in this state of denial for far too long
The love I've aimed for has been missed
But this time I'm serious, it's final
It would be wrong, don't wanna be a masochistAnd I wish that there could be another way
But I can't believe a single word you say, anywayNot gonna take any more I've had enough
Just what did you take me for? I've had enoughEach morning I wake and discover you're still the same
The love I crave for won't exist
It's neither one thing nor another - I won't go on
I hope I'll find strength to resistYes, it's the end of the line I've had enough
