Fame

Dr Dre

What's your name? What's your name?
What's your name? What's your name?Fame, makes a man take things over
Fame, lets him loose, hard to swallow
Fame, puts you there, where things are hollow
FameFame, it's not your brain, it's just the flame
That burns your change just to keep you in, sane
FameFame, what you like is in the limo
Fame, what you get is no tomorrow
Fame, what you need, you have to borrow
FameFame, nine it's mine, is just his line
To bind your time, it turns you to, crime
FameWhat's your name? What's your name?
What's your name? What's your name?Is it any wonder, I reject you first?
Fame, fame, fame, fame
Is it any wonder, you are too cool to fool?
FameFame, bully for you, chilly for me
Got to get a rain check on, pain
FameFame, fame, fame, fame, fame, fame
Fame, fame, fame, fame, fame, fame
Fame, fame, fame, fame, fame, fameWhat's your name? What's your name?
What's your name? What's your name?
What's your name? What's your name?
What's your name?
