Tell Me Everything

Cheap Trick

If I can have what I want
I'll just want what I got
I've told myself a million times
That's the truth, but it's notI could give you some lessons
On how to cry all night
I know the hurting's only started
And it might never stopOh Angeline
You want some help from me now
Now since he left you alone
Don't say it ain't so
'Cause you traded me for him
Not so long agoWell you were everything to me
You were everything to me
I don't know why?
But your pain's such a pleasure to see
So baby tell me everythingSo pardon me if I don't cry
'Cause your love is on the shelf
After all you're so good
At lookin' out for yourselfYou might hate me for sayin' so
But that's all right
You can hate the whole world
But it ain't gonna helpOh, Angeline
You're only wastin' your time
Lookin' for my sympathy
I hope you're satisfied
Now I only wanna laugh
When I hear you cryYou were everything to me
You were everything to me
Now he's done it to you
Like you did it to me
So baby tell me everythingOhh
Ho, guess you never thought that you'd be falling in love
You've lost everything that you're dreaming of
How can I let you go without letting you know?You were everything to me
You were everything to me
I don't know why
But your pain is such a pleasure to see
So baby tell me everythingBaby tell me everything
(Everything to me)

Baby tell me everything
Someone did it to you
Like you did it to me
So baby tell me everything
