

# I Can't Sleep

## Tejas Brothers

When I'm all alone and I hear your voice  
No other man can make me feel the way you do  
I can't describe this feeling inside  
I can't sleep at night ooh  
Home is where you belong  
That's what I tell myself when you're gone  
Every night I say a prayer hopes you make it there  
Anyone alone like me, I'm certain they'd agree  
'Cause I can't sleep at nightChorus:  
    Loneliness is my biggest fear  
    I wish the feeling would disappear  
    I can't sleep at night  
    Coldness is creepin' in  
    Need to feel your warmth again  
I can't sleep at night noHolding you so very close  
    That's what I need the most  
    And it's your job to go around and  
    Share your gifts from town to town  
    I hope I'm not misunderstood  
    The man that treats me so good  
    But I can't sleep at night  
    When I pick up this phone  
    And I hear your voice telling me  
    You cannot wait until you're home  
    I can't describe this feeling inside  
    I can't sleep at night 'causeChorus:  
    I need you to hold you in my arms  
        Honey how can I be strong  
        'Cause I can't sleep at night  
        I need a love I need your thrills  
        I'm sick and tired of taking pills  
'Cause I can't sleep at nightOoh holding you so very close  
    That's what I need the most  
    And I know it's your job to go around  
    Share your gifts from town to town  
    Anyone's who's alone like me  
        I'm sure they'd agree  
        'Cause I can't sleep at night  
        Sick of holding my pillow tight
