

HelloHelloHello

Dressy Bessy

Hey love, hey love, hello
This wasn't something I suggested
Oh oh oh
Smartass that you think you left behind
It's really not that simple
Oh oh oh
Hey love where did I go?
When are you coming back from faking?
oh oh oh
I've seen you hide inside of your meager life
I'm simply not that stupid
oh oh oh
hold on hold on hold on
until the best of your intentions
oh oh oh
I heard you've climbed inside your feeble life
its nothing its nothing really special
oh oh
oh to anyone to anyone who listens
oh oh
no
Hello
Hey love when did i know
but are you coming close to tasting it?
and do you taste it fine
but you're an ok guy
to anyone to anyone who listens
you look me in the eye with an eager sigh
its nothing, its nothing really special
not to anyone, to anyone who listens
its nothing, its nothing really special
oh to anyone, to anyone who really listens
oh, oh, no
