HelloHello

Dressy Bessy

Hey love, hey love, hello
This wasn't something I suggested
Oh oh oh
Smartass that you think you left behind
It's really not that simple

Oh oh oh

Hey love where did I go?

When are you coming back from faking?

oh oh oh

I've seen you hide inside of your meager life

I'm simply not that stupid

oh oh oh

hold on hold on until the best of your intentions

oh oh oh

I heard you've climbed inside your feeble life its nothing its nothing really special

oh oh

oh to anyone to anyone who listens

oh oh

no

Hello

Hey love when did i know
but are you coming close to tasting it?
and do you taste it fine
but you're an ok guy
to anyone to anyone who listens
you look me in the eye with an eager sigh
its nothing, its nothing really special
not to anyone, to anyone who listens
its nothing, its nothing really special
oh to anyone, to anyone who really listens

oh, oh, no
