

# Lovebug

George Strait

Well I was ruling the roost  
Had all the chicks to myself  
And suddenly it happened  
A funny little feeling I felt  
Well I tried to outrun it  
But it finally caught up with me  
Tell me how can I run  
From something I can't see Oh that teenie, weenie thing  
They call the lovebug  
Nobody's ever seen it  
But it's got the whole world shook up  
It all started with a little bitty kiss and a hug  
It's the little itty, bitty, teenie, weenie thing  
They call the lovebug Well I always thought that  
I had me a pretty good style  
But I lost that race  
By a good old country mile  
With my head held way up high  
And it fooled me, hit me  
Really took me by surprise Oh that teenie, weenie thing  
They call the lovebug  
Nobody's ever seen it  
But it's got the whole world shook up  
It all started with a little bitty kiss and a hug  
It's the little itty, bitty, teenie, weenie thing  
They call the lovebug Oh that teenie, weenie thing  
They call the lovebug  
Nobody's ever seen it  
But it's got the whole world shook up  
It all started with a little bitty kiss and a hug  
It's the little itty, bitty, teenie, weenie thing  
They call the lovebug It's the little itty, bitty, teenie, weenie thing  
They call the lovebug
