

# From the Second I Wake Up...

## Promise of Redemption

Well, things have been getting kinda heavy these days  
Trying to figure out which road to take  
There's many decisions to be made  
And the only time I feel okay is when I'm in your arms  
Dana, baby girl, you've got me missing you all day long  
From the second I wake up to the second my day is done  
With every breath that I take in  
Well, I'll swear on every inch of my lungs I'm with you  
Yeah, I don't how to say this any other way  
But every little thing is going to be alright  
So baby, don't you worry  
'Cause I have got complete faith that things will be okay  
It's just for now we sing  
So far away from home, every thing's such a daze  
No, I don't want to go, it hurts to drive away  
Rear view mirror, I can see the break lights hit your face  
As you're waving me goodbye  
We all change our dreams as the days go by  
(One good thing about the road)  
With feelings so hopeless, we wonder why we leave  
(Is that it opens up your eyes)  
The ones we love  
(It will make you miss your home and everything that's right)  
We all change our dreams as the days go by  
(In your heart will be as clear)  
With feelings so hopeless, we wonder why we leave  
(As the North Carolina days)  
The ones we love  
(Spent realizing who you are)  
Don't ever change  
Don't ever change  
Don't ever change
