

# Ski Trip

## Jebediah

[Verse 1:]

I don't wanna let you down  
But I cannot have you hanging around  
Hope you didn't fall for me  
I am somebody that you could never see[Chorus:]  
Never been like this before  
Tell me that there's something more  
There never was a miracle in the snow  
Should've let you know  
Before I let you go[Verse 2:]  
You know I didn't act my best  
I always thought I was a cut above the rest  
Cos when you've been hurt yourself  
Somehow makes it easy hurting someone else[Chorus]
