

# Girl Named Tennessee (Live From the Woods)

## NEEDTOBREATHE

They say this lasts forever  
That's just what I'm afraid of  
I'll never dance like this again  
She smiled like a Georgia summer  
She laughs with the sound of thunder  
I wanna dance like this again I'm not the marryin' kind  
I've said a thousand times  
But I've never danced like this before  
She's got them pretty little shoes  
And I love the way she moves  
I wanna dance like this again I was free and far from home  
I was young and on my own  
I was blind as I could be  
Thinkin' love was not for me  
Till the night I met the girl named Tennessee Lights came down  
and the room spun slow  
Started sayin' she had to go  
Don't go baby I didn't get your name  
She said Don't worry  
I did not say Oh she danced away with my  
Heart and soul  
Who she was I will  
never know Danced away with my  
Hopes and dreams  
My sweet girl from Tennessee
