Pain

The Czars

Pain, it takes so much pain
To help you feel, if you cant feel at all
It takes so much pain
To help you feel, if you cant feel at allAnd if you think you need more pain
You can get all that you need
You can get it all for free
Just keep doing what you areDid somebody tell you that they loved you
Then they said they never loved you?
How did you feel? How did you feel?
It doesnt really matter how you felt cause
You cant make them love you
That is for sure, that is for realPain, it takes so much pain
To help you feel, if you cant feel at all
It takes so much pain
To help you feel, if you cant feel at allAnd if you think you need more pain
You can get all that you need
You can get it all for free
Just keep doing what you areDo you really think that it wont kill you?
Cause I know that it will kill you
Maybe not now, but youll find out how
Dont tell me that you wanna to end up
With some [Incomprehensible] dumpster
That would be tragic, that would be sadBaby, please dont misunderstand me
Cause I dont really give a damn
I saw you had a problem and I wanted to help
Thats just how I am
It really doesnt matter that much to mePain, it takes so much pain
To help you feel, if you cant feel at all
It takes so much pain
To help you feel, if you cant feel at allAnd if you think you need more pain
You can get all that you need
You can get it all for free
Just keep doing what you are
