Colliding in Mind

Skyfire

[Music: Edlund/Hanner / Lyrics: Wenngrenn]One thousand questions searching answers
A silent laughter from the other side
I am trying to master the madman in my mindI must remain calm, wear my mask
Where are the walls that I built?
No, this isn't my fault, I shall feel no guiltPhrases colliding from different directions
A vortex of words inside my mind
My deepest thoughts, I try to hideMy life is passing by again
All my experience as images
You can not see what is inside
You can't understand what haunts my mindA new beginning, a new end
I will never learn how to fly
Pictures of the past, passing byA white lie written on lips
A path not meant for me
You can not see what is inside
You can't understand what haunts my mindA silent end, a lost soul
Carrying more than he can bear
A lost soul at his silent end
The dreams inside he fearsA silent end, a lost soul
Carrying more than he can bear
A lost soul at his silent end
The dreams inside he fearsLies...
Guilt...A silent end, a lost soul
Carrying more than he can bear
A lost soul at his silent end
The dreams inside he fearsA silent end, a lost soul
Carrying more than he can bear
A lost soul at his silent end
The dreams inside he fears
