

# Just To Have You

Jennifer Paige

It's a full moon night, something ain't right  
Wind is bangin' my door  
Call me, "Insane", I want this pain  
But it's justified, it's justified, it's justified, ohh  
I swore I would never be this way  
But I can't stop this runaway train I can't get you out of my dreams  
I tell you, I'd do anything  
Just to have you here with me  
I know that I'm in way too deep  
'Cause I would give up everything  
Just to have you here with me There's a fire in my head, makin' me sweat  
Keeps me coming back for more  
We'll it's crazy in here 'cause I want these tears  
But it's justified, it's justified, it's justified  
I swore you'd never make me feel this way  
But I can't stop this runaway train Now that I can't get you out of my dreams  
I tell you, I'd do anything  
Just to have you here with me  
I know that I'm in way too deep  
I would give up everything  
Just to have you here with me Don't know right from wrong  
Don't know where I'm going  
Spending all my nights in a restless bed  
For you love, I'm waiting  
It's too late, it's too late to hold my heart steady Spending my nights in a restless bed  
There's a fire raging in my head  
I do anything  
Just to have you  
Just to have you  
Just to have you with me  
Just to have you  
Just to have you  
Just to have you
