

Party Lights

The Gap Band

See the lights

Party lights

For the night

(x4)I can tell why you're wild, you wanna party

I can tell why you smile, you wanna party

(x4)See the party lights

Dance with me tonight

(x4)I can tell why you're wild, you wanna party

I can tell why you smile, you wanna party

(x2)I can tell why you're wild, you wanna party (call the lights, party lights, party dance with me, tonight...)

I can tell why you smile, you wanna party (call the lights, party lights, party dance with me, tonight...)

(x2)I can tell you wanna party

I can tell you wanna party-hardy

(x5)I can tell you wanna party

Come on down, yeah...
