

Second Street North

[Glen Campbell](#)

got an easy place, to be
in my arms, yeah in my arms
got a simple space to feel free,
in my arms, yeah in my armskeep it on the recent
keep it on the now
give me an easy way outits a lovely world that I got
in my arms, baby in my arms
got a lot of room to get lost
in my arms, baby in my armskeep it on the recent
keep it on the now
give me an easy way outkeep it on the recent
keep it on the now
give me an easy way outgot an easy place to be
in my arms, baby in my arms
you got nothing to fear, from me
in my arms, baby in my armsin my arms, baby in my arms
