Calling

Skye

I'm calling, wanting you near
You're stalling, I feel you fearYou've been hurt before
I understand why you're insecure
I'm falling 'cos I'm so sureCome on, come on, come on
Come in closer now
Tell me what you got to looseCome on, come on, come on
Come in closer now
How can you refuse me?I'm flying and you could be too
But you're crying, what's holding you?Come on, come on, come on
Come in closer now
Tell me what you got to looseCome on, come on, come on
Come in closer now
How can you refuse?Love is calling
Open up and let life shine
I'm callingCome in closer now
Tell me what you got to loose
Come in closer nowCome on, come on, come on
Come in closer now
Tell me what you got to looseCome on, come on, come on
Come in closer now
How can you refuse me?
