All Wound Up

Sawyer Brown

Since I was a baby maybe two or three
Ain't nothin' ever really bothered me
Some people rattle at the smallest thing
I thought I could handle anything but I'mAll wound up nothin' I can do
I get all wound up just from talkin' to you
I used to believe I was Immune to love
But look at me now I'm all wound upI never wondered what it's all about
Never saw a thing I couldn't do without
My feet are used to bein' on the ground
These days I wanna kick 'em around cause I'mAll wound up nothin' I can do
I get all wound up just from talkin' to you
I used to believe I was Immune to love
But look at me now I'm all wound upAll wound up
All wound up
All wound upFame and fortune I can take or leave
One touch from you and I can barely breathe
Hung out and dryin' for the world to see
Well I've got you all over me and I'mAll wound up nothin' I can do
I get all wound up just from talkin' to you
I used to believe I was Immune to love
But look at me now I'm all wound up
I can't get over how I'm all wound up
