As Luck Would Have It

Blue Sky Riders

As the luck would have you chosen outside of the street.
As the luck would have what we chose that moment to meet
Could it be a coincidence?
Oh no, I don't think so
Was it just answer dance.
that's what I used to think but now I knowGuided by stars
We took the right turn baby here we are
sided by fates
making too hard, start feeling this way
(Nothing gonna last wasn't just meant to be love)
I know I know I know that you never know
lucky for us wasn't it just meant to be love.
I never been the kind of man seem but now I can see
as luck would have you word my destiny
Just a happy circumstance
Oh no, that ain't what it seems
I gotta let you find .
I'm pretty damn sure, something like this.'cause guided by stars
We took the right turn baby here we are
sided by fates
making too hard, start feeling this way
(Nothing gonna last wasn't just meant to be love)
I know I know I know that you never know
lucky for us wasn't it just meant to be love.First time I held you, sounds crazy but I knew
I remember, won't to let go
call me a dreamer, a born and getting foolish believer,
believing in love.
Guided by stars
We took the right turn baby here we are
sided by fates
making too hard, start feeling this way
(Nothing gonna last wasn't just meant to be love)
I know I know I know that you never know
lucky for us wasn't it just meant to be love.
I know I know I know that you never know
lucky for us wasn't it just meant to be love.
