

# Huge Balloon

## Bracket

You want to leave this place  
They're always in your face  
Please hitch a ride with me  
Who says we cannot fly  
Give it one more try  
Let's see what we can seeGet in my huge balloon (x3)  
Sunny weather  
Get in my huge balloon (x3)  
Sunny weatherWe can start again brand new  
All your dreams can come true  
Stay happy all the time  
Stop pretending that you're dead  
Climb in like I said  
Your only wish is mineGet in my huge balloon (x3)  
Sunny weather  
Get in my huge balloon (x3)  
Sunny weatherAll our troubles far behind  
In a place no one will find  
Me and you every night  
Let everything be all rightGet in my huge balloon (x3)  
Sunny weather  
Get in my huge balloon (x3)  
Sunny weatherGet in my huge balloon (x3)  
Sunny weather
