

# Up in Flames

## Coldplay

So it's over  
This time, I know, it's gone  
Salt water,  
Tasted it too long  
I only know I'm wrong  
Now I know it's goneUp in flames  
Up in flames  
Up in flamesWe have slowly goneSo it's over  
This time, you're flying on  
This time, I know no song  
Can't stop it slowly burn  
Can't stop it slowly goingUp in flames  
Up in flames  
Up in flamesWe have slowly goneUp in flames  
Up in flames  
Up in flamesWe have slowly gone  
Oh, we have slowly goneCan't we pour some water on?
