Up in Flames

Coldplay

So it's over This time, I know, it's gone Salt water, Tasted it too long I only know I'm wrong Now I know it's goneUp in flames Up in flames Up in flamesWe have slowly goneSo it's over This time, you're flying on This time, I know no song Can't stop it slowly burn Can't stop it slowly goingUp in flames Up in flames Up in flamesWe have slowly goneUp in flames Up in flames Up in flamesWe have slowly gone Oh, we have slowly goneCan't we pour some water on?
