Missing You

Dave Barnes

You were a part of me
A part that I get can't back
I'll always lack
My life in came two
This is the second act
The healing half
Maybe this is how this goes
Nobody seems to know
We had a lifetime forever
You and me together
I'd pick you up and we go
Some place only we'd know
Summer, whole life
Stay up dreaming all night
There was so much for us to do
I guess I'm missing you
No you can't prepare
As soon as the call came in
The hurt began
All of us down here
I guess we're getting back
At least we try
And that's just the way it goes

Take it from one who knows
We had a lifetime forever
You and me together
I'd pick you up and we'd go
Some place only we know
Summer, whole life
Stay up dreaming all night
There was so much for us to do
I guess I'm missing you
I see you in the sunset
Before the night
You come on without warning
And I guess this takes time
But I know I'm gonna be fine
Without...

A lifetime forever
Of you and me together
I'd pick you up and we'd go
Some place only we know
Summer, whole life
Stay up dreaming all night
There was so much left here for us to do
I guess I'm missing you
(oh, I guess I'm missing) I guess I'm missing you
