Great In All the Earth

Starfield

The world is Yours and everything in it
Is all at Your command
There is no end to Your domainThe planets shake, the galaxies tremble
They turn within Your hands
There is no end to Your domain
No height or depth You dont sustainGreat in all the earth is Your glory, oh God
The universe declares how amazing You are
Over history and eternity You alone are Lord and KingThe world is Yours and everything in it
Is all at Your command
There is no end to Your domain
No height or depth You dont sustainGreat in all the earth is Your glory, oh God
The universe declares how amazing You are
Over history and eternity You alone are Lord and KingGreat in all the earth is Your glory, oh God
The universe declares how amazing You are
Over history and eternity You alone are Lord and KingThere is none like You, there is none like You
There is none like You, Jesus there is none like YouGreat in all the earth is Your glory, oh God
The universe declares how amazing You are
Over history and eternity You alone are Lord and KingGreat in all the earth is Your glory, oh God
The universe declares how amazing You are
Over history and eternity You alone are Lord and King(You are)
You are
(You are)
Lord you alone
(You are)
You alone
