

Jesus You Are

The Kenoly Brothers

Verse 1

You never left side,
No matter what the situation,
You were right there
So I keep loving you and I will stay here true to you
You are my everything
Jesus you are

Verse 2

When I was down and lonely
You pick me up and carried me
You always seem to get here right on time
And when I feel all hope is gone
You give me strength to carry on
Ooh you are
You are my everything

Bridge

You've always been the one
Who pulled me out of what I'm in
Regardless, if I'm loving you are not
The love you give, to me is underserved
But you choose to give it to me anyway
So I will give anything and everything
You are my life every day
So I will give anything and everything to you
So I will give anything and everything to you,
My Lord, Jesus
I will give anything and everything to you,

Repeat 3 times

You are my everything
You are my everything
Say, You are my everything
Jesus, you are
You are
