## **Hey You**

## **Aaron Carter**

Here we go with the J I V E
We're gonna bust it 'cause we roll with the AC
Here we go with the J I V E

We're gonna, we're gonna, here we goOne, I wanna take you out, two, we're getting down

Three, I want your love, four, you know what's up

Five, it's in your eyes, six, you're looking fine

Seven, I'll take you to HeavenSeen you around, heard you really like me

Should I believe what they all say

I saw you in town, you know you won't drive by me

Tell me, do you feel the same wayI know you really wanted me baby

I see it in your eyes, so what do you sayHey you, what do you know

You've got your hands in your pockets

And you walk real slow

Hey you, what do you say

I gotta have your number

Gotta make your dayHey you, are you talking to me

When I tell you what I want

Wanna try, wanna see

Hey you, hey you

What do you say

What do you say, heyHey, hey, hey, hey

Hey, hey, hey, hey

Hey, hey, hey, hey

Hey, hey, heyHiding away, hoping that you'll call me

I can't seem to get you off my mind

And there you are, standing on the corner

You said, "Hi, I lost your number, gimme a sign"I know you really wanted me baby

I see it in your eyes, so what do you sayHey you, what do you know

You've got your hands in your pockets

And you walk real slow

Hey you, what do you say

I gotta have your number

Gotta make your dayHey you, are you talking to me

When I tell you, what I want

Wanna try, wanna see

Hey you, hey you

What do you say

What do you say, heyLet me see now, you've got to know how Oh baby, can you come and get down Hey, hey, hey, hey

Hey, hey, heyOne, I wanna take you out, two we're getting down
Three, I want your love, four you know what's up
Five, it's in your eyes, six you're looking fine
Seven, I'll take you to HeavenHere we go, come on
This is how we gonna do itHey you, what do you know
You've got your hands in your pockets

And you walk real slow
Hey you, what do you say
I gotta have your number

Gotta make your dayHey you, are you talking to me

When I tell you, what I want

Wanna try, wanna see Hey you, hey you What do you say

What do you sayHey you, what do you know You've got your hands in your pockets And you walk real slow Hey you, what do you say

> I gotta have your number Gotta make your day
