Remember the Feeling

Chicago

Shadows were hiding what I couldn't see
Out in the dark - she was calling to me
Calling to me with a voice I'd never forgetShe was a vision I couldn't believe
I held her close wo that she wouldn't leave
Suddenly hopeless - hopelessly falling in loveI remember the feeling
I remember the way
She came and wrapped her arms around me
Told me that she cared
Said she'd always be thereTaking me places that I've never been
She had the beauty that comes from within
Was I just dreaming was it too good to be trueI was a man all alone in the night
She came along and she showed me the light
I was confused then she told me the way
I was alone and I begged her to stayShe was alive I was caught by the fire
She brought emotions that filled my desire
I should have noticed that something was wrong
When I awoke she was goneI remember the feeling
I remember the way
She came and wrapped her arms around me
Told me that she cared
Said she'd always be thereShe was alive I was caught by the fire
She brought emotions that filled my desire
I should have noticed that something was wrong
When I awoke, I could see that she was gone
