Animals

Michael Learns to Rock

Animals
Wild rivers and waterfalls
I can hear the planet call
Show a little respect
(Show a little respect)Beautiful
To everything that is beautiful
And if you want to save it all
Show a little respect
(Show a little respect)In the sun
Another day is born
While all the world is sleeping
There's music in the dawnSee the clouds
Phantoms in the sky
Changing as the wind blows
Right before your eyesThrough these creations
We learn to understand
The wonder of life
We're holding in our handsAnimals
Wild rivers and waterfalls
I can hear the planet call
Show a little respect
(Show a little respect)There's a place
A green and peaceful place
A place without the borders
To divide human raceIt's been created
In a billion years
Don't tear it apart
Don't drive the world to tearsAnimals
Wild rivers and waterfalls
I can hear the planet call
Show a little respect
(Show a little, show a little respect)Beautiful
To everything that is beautiful
And if you want to save it all
Show a little respect
(Just a little, just a little respect)In the name of progress
Everybody's gone too far
In the name of money
Who do we think we are?Animals

Wild rivers and waterfalls
I can hear the planet call
Show a little respect
(Show a little, show a little respect)Animals
(Show a little respect)
Animals
(Just a little respect)
Animals
(Show a little, show a little respect)
Animals
