## Death By Stereo

Blood spills, terror fills, world is on its knees  
You think a little faith will stop catastrophe  
Well I've got news for you, it's looking pretty bleak  
Unless we all start thinking, wake up, stand up,  
Get up off your knees  
In a time of desolation, what we need is real salvation,  
In a time of desolation  
When you look up to the sky, you see your life is ruled by lies,  
You cannot look up for an answer  
Look to him, what should I do? Follow do not think,  
These are the building blocks of our society,  
Slit the wrists, watch the false truths drain into the sink,  
When will you see the answer lies in you and me  
In a time of desolation, what we need is real salvation,  
In a time of desolation  
When you look into my eyes, you see the dark polluted night  
You cannot look up for an answer  
Look to myth to solve reality,  
When will you see the answer lies in you and me  
In a time of desolation, what we need is real salvation,  
In a time of desolation  
When you look up to the sky, you see your life is ruled by lies,  
You cannot look up for an answer  
In a time of desolation, what we need is real salvation,  
In a time of desolation  
When you look up to the sky, you see your life is ruled by lies,  
You cannot look up for an answer  
When you look into my eyes, you see the dark polluted night,  
You cannot look up for an answer, no
