

Genie of the Lamp (Mixed Version by DJ Vlad)

Mac Dre

I dont fuck with it
if it dont bare the stamp
i'm thizzlamic
the genie of the lampi can go 15 rounds with the champ
and bother a bitch, like some cramps
put some clamps, on your girl 'for i take her
and then make her, a good money maker
she's got the drepors and thats worse than the vapors
she licked my dick like some zig-zag papersi'm samuel and denzel in one body
and bumpy face johnson i'll kill somebody
pop pills when i party, white medusas
and no one can goose her like i can goose her
im the genie of the lamp, the golden child
be in the virgin isle, drinkin lowenbrau's
nigga now, i got my own style
you put on my shoes, you wouldnt last a mile
(chorus)
Summertime, wintertime, im on the grind, gettin' mine
(mac dre) I've got the ring, I'm the champ, I'm the genie of the lamp!my furry kangol is my turban
i smoke it durban
i listen to flashlight, the extended version
love to spend money, im always splurgin
never hurtin' and thats for certain
cherry flavored bourbon? never heard of it
get it when i spit it, every word of it
dont be scurred of it, its all gravy
yeah, you got the right one baby
fo' sho', never maybe, when she get lazy
i just say, BITCH IS YOU CRAZY?
I'm a grown ass motherfuckin' man
and theres a few things you must understand
when i do it, i do it big
that shit you talkin' is water under the bridge
neither here nor there, irrelevant
bitch if you wont pay i'll go celibate
(repeat chorus)hello, hello my friend
yes my name is muhammad al boo boo
and i'm the genie of the lamp
i'm the make it happen cap'n

put it in my hand, your wish is my command
i got the skill to make your dreams real (you feel?)
(you beezy, you beezy)
yes, walk down the thizzle brick road
(the thizzle brick road? to thizzit the boss?)
