America Is

Violent Femmes

America is
America is
America is
America is
America is the home of the hypocrite
America is the home of the hypocrite
America is the home of the hypocrite
American dream so f-f-full of it
Look at the Indians, look at the Blacks
Look at the figures, look at the facts
Look at the facts, the facts not the lies
When you find out, big surprise
America is the home of the hypocrite
America is the home of the hypocrite
America is the home of the hypocrite
American dream so f-f-full of it
Check out the Indians, check out the Blacks
And you check out the figures, and you check out the facts
Check out some facts, check out the facts not the lies
When you find out, it's a big surprise right between the eyes
America is the home of the hypocrite
America is the home of the hypocrite
America is the home of the hypocrite
American dream is only a dream
No desperation limit
New desperation level
Even though my nose don't work
I smell trouble, I smell trouble
No desperation limit
New desperation level
Murder, murder in the Government
Say you're sorry, say you're sorry
No desperation limit
New desperation level
Turn the key, turn the lock
Nationalism, you can suck my
No desperation limit
New desperation level
Watch how the world's progressin'

Everywhere
Aggression, aggression
Aggression, aggression
Aggression, aggression
