

The Swing of a Fallen World

Halloween

Achiever, believer
You saint and cold deceiver
It's the swing of a fallen world
Religion, tactician
Dark horse and politician
It's the swing of a fallen world
Betray, but you won't get awayThe damage is done
A million to one
I bet we will witness the war of the sun
The game that we play
Is now here to stay
We never can stop what we've sent on its way, no
It's the swing of a fallen world
The swing of a fallen world
Impeacher, false preacher
Grand man and paltry creature
It's the swing of a fallen world
Manslaughter, garroter
You've slain, you rough-housed daughter
It's the swing of a fallen world
Bye bye, you too will dieThe treasure we had
So crazy and mad
Was sold out by people who cannot be glad
A handful of greed
A contagious seed
A handful of assholes who never recede
This adverse evolution
Mankind knows no solution
It's the swing of a fallen world
The damage is done
A million to one
I bet we will witness the war of the sun
The game that we play
Is now here to stay
We never can stop what we've sent on its way, no
It's the swing of a fallen world
The swing of a fallen world
