

The Right Thing

Kolohe Kai

Sometimes I wish I was a star
Blinking brightly from a far
Looking down on everything
Thinking of the light I bring Sometimes I dream I was a fish
Swimming everywhere I wish
Moving smoothly through the world
But I'm always glad to be a girl I look up to the stars at night
I know that everything's alright
I can be anything I want When I grow up I'll chase my dreams
I'll change them to reality

Who knows the things I could achieve If I can just always believe in me keeping the faith think of the things
we'll see
If I can just
If I can just
Always believe in me
Always believe in me
