

# No Time Is Better (feat. Irv Da Phenom)

## Dizzy Wright

Right now, Lets start forever  
Right now, lets make a change  
Right now, no time is better  
Right now right now Nothing that I got I took for granted (Talk to em')  
I told the homies i ain't coming out empty handed (Not at all)  
They ain't believe me I was [?]  
Going in one ear and out the other  
You should've seen what I was planning  
Making music videos with the cannon  
Didn't know nothing, did everything low budget  
But we had real love for it (Love for it)  
And that was where it started  
Man life is crazy and I hate the way I saw it  
So i did it, little nigglet was legally blind  
Build up my confidence  
Do anything I set on my mind  
'Cause I was taught you won't get nowhere with a negative mind  
They show love and I respond man the pleasure is mine  
On one, one day God's response gon' come  
You really wanna be able to look back  
And thank yourself for not fucking your future up in the long run  
Its more than keeping it real when its facts (What's up) Right now, Lets start forever  
Right now, lets make a change  
Right now, no time is better  
Right now right now Man we work to hard to quit now  
No struggle, no strength  
With two jobs I'm tryna juggle my shifts  
I'm looking around (Round)  
And i can see these frustrated looks, being mistreated  
Feeling like they got the chain on they foot  
Spreading awareness  
Without being careless it gets deep  
But some of us just got that shit you can't teach  
But that can't be cloned (Cloned)  
Would you have acted a little different if you known  
She was already being abused at home  
Screaming who am I  
A humble king until I'm crucified  
But I'm not here to try and make it about me

Do or die now watching another friend commit suicide  
'Cause even at her bravest she was feeling afraid to leave  
I mean long walks and good talks and therapy  
May not never be enough but shit its a start to a better me  
And I'm not tryna tell you how to live your life  
But when I needed to hear God's voice this is what he said to me Right now right now right now  
Said it ain't no time like right now  
Right now right now right now  
Right now is all we got  
Right now is all we got Right now, Lets start forever  
Right now, lets make a change  
Right now, no time is better  
Right now right now
