

Breaking Down

All Faces Down

we felt alive

we felt alive - were in love - yeah I thought
we were two hearts on cloud nine but I fucked it up

I want to be with you, right now its clear to me
your time was wasted by, by my stupidity
I'm sorry for everything I did and all the things I haven't done
instead of giving you my heart my frustration knocked you down
no, I never deserved you

now I'm breaking down into sorrow
I want you, you don't want me
and now I realized what I've done wrong
I've let you go, my greatest pain, my greatest pain

the day you closed the door, I've lost my will to live
the things that I have reached, depreciate, cause you're not here
you were everything I had, I've never told you, now it is too late
I'm sorry, I hope you'll find a way to forgive me my mistakes
I never deserved you, no, I never deserved you

now I'm breaking down into sorrow
I want you, you don't want me
and now I realized what I've done wrong
I've let you go, my greatest pain, my greatest pain

now that I've lost you life takes the rest of me
love's got me on my knees, it stole my last breath

now I'm breaking down into sorrow
I want you, you don't want me
and now I realized what I've done wrong
I've let you go, my greatest pain, my greatest pain
