

# Stay the Night

Kele

I know I'm not the one  
I know I'm not your only  
But when you hold me, when you scold me  
Know where I gots to be  
Yeah, you've got good game, yeah, you've got me rolling  
Yeah, I say the things that I'm hoping that you notice  
Let me feel you, let me please you  
Just roll another J  
And be cool  
See, I'm not tryna change you, no  
We're in the bedroom with the lights low and I'm yours  
Tell me what you need  
Forget what's on your mind, we can take our time  
When I'm all up in your space, you got to say my nameStay the night  
Stay the whole night  
See, I know that you want some  
You just don't wanna get sprung  
Body to body  
Let me be your lover  
You know that I'm down  
Tell me what you wanna do when you come around  
Cause baby, I get you  
See, I don't wanna own you  
But my door will always be  
Open for you
