

# Dodo

## Genesis

Too big to fly  
Dodo ugly, so Dodo must die  
Doggo with fear on its side  
Can't change, can't change the tideDog baiter, agitator  
Asking questions, says he wants to know why  
Ain't no reason that money can't buy  
Mink, he pretty, so mink, he must die, must die, must dieSun, he giving life in his light, part of the system  
Friend to man and friend to the trees  
No friend to the Snowman  
Where does he go, what does he do?  
Does he meet with the mole, the stream, the cloud  
And end up at the bottom of the seaFish, he got a hook in his throat, fish, he got problems  
Where does he go, what does he do?  
Does he hope he's too small, too poor a haul?  
And end up being thrown back in the sea  
I'm back in the seaCaretaker, horror movie  
Only one eye, only needs one boot  
Sweet lady, she knows she looks good  
Vacuum coming for the bright and the bruteBig noise, black smoke  
So pig-headed couldn't see the joke  
But it ain't funny, ask that fly on the wall  
It's only livin', it don't matter at all, at all, at allPimp, he'll make you drool and grunt, he got an answer  
One he got a dream of love, deep as the ocean  
Where does he go, what does he do?  
Will the siren team with Davy Jones  
And trap him at the bottom of the sea?I'm back in the sea  
I'm back in the sea  
I'm back in the seaMeanwhile, lurking by a stone in the mud  
Two eyes look to see  
Where I was and then something spoke  
And this is what it said to meClose your eyes  
[Incomprehensible]Close your eyes  
[Incomprehensible]
