I Feel for You

Kyla

Something inside,
My heart,
And it feels like magic,
It's changing my life.
Since you came to me,
Everything is so bright I see
You touched my heart,
And gave me love so real.This time around I wanna let it show
There's something special,
In my heart you ought to knowI feel for you,
I mean I truly love you
In my heart and in my soul
You are my love
You are my all
I feel for you
I mean always love you
Because to me
You are a dream
Come trueLove grows
Everyday
And it's hard to deny it
You inspire me all the way
The joy you bring
Makes my heart keep on singing
And all I wanna do
Is to remain close to youThis time around I wanna let it show
There's something special
In my heart you ought to knowI feel for you
I mean I truly love you
In my heart and in my soul
You are my love you are my all
I feel for you
I mean I'll always love you
Because to me you are a dream
Come trueYou are my angel in disguise
You are the reason I survive
With you each moment is worthwhile
You make me smile
And if without you

Surely I cryI feel for you
I mean I truly love you
In my heart and in my soul
You are my love you are my all
I feel for you
I mean I'll always love youBecause to me you are a dream(3x)
That's what I feel for you...
