

# Stay

## Lyn Saga

The first time I saw you  
I knew that I had to  
Take some time to know you  
I needed to have you

(Please oh please  
Don't be alarmed  
When I take you into my arms  
Why oh why  
You run away  
I just wish you'd stay  
Oh please stay)

(guitar intro)

I need you by my side  
To warm up the cold nights  
To have and to hold you  
And feel the same way too

(chorus)

(guitar solo)

(arpeggio chorus)

(chorus)
