

In the Middle of the Night (Hydra Live)

Within Temptation

I've been walking this road of desire,
I've been begging for blood on the wall.
I don't care if I'm playing with fire,
I'm aware that I'm frozen inside.
I have known all along. So much more going on, no denying,
But I know I'm not standing alone. You've been playing my mind through my wishes.
You can feel that we're haunting the truth.
Don't know, I can't hold on, always losing control. In the middle of the night,
I don't understand what's going on
It's a world gone astray.
In the middle of the night,
I can't let it out.
Someone keeps searching
And shatters your life
It will never be afraid
In the middle of the night. No more tears,
No, 'cause nothing else matters
I've been closing my eyes for too long. Only vengeance will make me feel better.
There's no rest till I know that it's done. You've been playing my mind through my wishes
You can feel that we're haunting the truth
Don't know, I can't hold on, always losing control. In the middle of the night,
I don't understand what's going on
It's a world gone astray.
In the middle of the night,
I can't let it out.
Someone keeps searching
And shatters your life
It will never be afraid
In the middle of the night. In the middle of the night
In the middle of the night. In the middle of the night,
I don't understand what's going on
It's a world gone astray.
In the middle of the night,
I can't let it out.
Someone keeps searching
And shatters your life
It will never be afraid
In the middle of the night
