

Skeleton

Gabrielle Aplin

What did you just say?
No, I heard you right the first time
I heard you right the first time
Are you trying to hurt me?
You know you're supposed to lie
When the truth is so unkind It's like I'm looking right through you There's nothing in your skeleton
Your heart is gone
You're acting like it doesn't even matter
Like I don't even matter
The way it works
The rush of blood
You gave it all up
Acting like it doesn't even matter
Like I don't even matter I'm not gonna fight you
'Cause I don't wanna win
And live through this again
I'm not gonna love you
I don't know how to forgive
I don't know how to forget It's like I'm looking right through you There's nothing in your skeleton
Your heart is gone
You're acting like it doesn't even matter
Like I don't even matter
The way it works
The rush of blood
You gave it all up
Acting like it doesn't even matter
Like I don't even matter Where will you go?
Who will you be?
Who will you hurt? (doesn't even matter)
Up in the clouds
You're gonna fall
Down in the dirt Take what you want
Take it from me
Give it to her (doesn't even matter)
It's nothing of us
Nothing at all
It's not gonna work I'm not gonna love you There's nothing in your skeleton
Your heart is gone
You're acting like it doesn't even matter

Like I don't even matter
The way it works
The rush of blood
You gave it all up
Acting like it doesn't even matter
Like I don't even matter There's nothing in your skeleton
Your heart is gone
You're acting like it doesn't even matter
Like I don't even matter
The way it works
The rush of blood
You gave it all up
Acting like it doesn't even matter
Like I don't even matter
