

# Even More

Anthony Evans

Why does it take blue skies that turn to gray  
Before I have something to tell You about  
I'm gonna change the way that I pray  
And turn it inside outSo now when I say I need You  
It's not the way it was before  
Your glory became what my heart is beating for  
I need You even more, yeahSometimes it seems, I'm serving You just for me  
Sometimes I'm blinded by the things that I think I need  
Time after time You opened my eyes  
Then take them off of meSo now when I say I need You  
It's not the way it was before  
Your glory became what my heart is beating forAll my own desires  
They seem to fade away  
In the power of the moment  
When I say  
(I need You)When I say I need You  
It's not the way it was before  
Your glory became what my heart is beating forSo now when I say I need You  
It's not the way it was before  
Your glory became what my heart is beating for  
I need You even more  
I need You even moreWhy does it take blue skies that turn to gray
