

And to All a Good Night

Band of Merrymakers

All the kids are sleeping in their beds
The lights are out
A silent pile of presents in their heads
They hear a sound
Now maybe it's the reindeer and the sled
Or just a tiny mouse who runs around the house
instead
Say when's he gonna tumble down the chimney
We've been waiting 364 nights
Now we all are on holiday
Now we're all ready to celebrate
Havin' a ball
We can't hardly wait
Happy Christmas everybody
And to all a good night!
Fa la la la
And to all a good night
Footprints made of ashes on the rug
I wonder if the
Fairies came with sweet and sugar plums
He must've ate the cookies that we left
They're only crumbs
With all these lords a leepin'
Thought I heard the drummers drum
Say
Think I'm hearing Rudolph on the rooftop
Jolly jelly belly St. Nick with a pipe
Now we all are on holiday
Now we're all ready to celebrate
Havin' a ball
We can't hardly wait
Happy Christmas everybody
And to all a good night!
Fa la la la
And to all a good night
Fa la la la
And to all a good night
