One More Chance

Will.i.am

Take me back
Take me back
Take me back
I..

Girls girls girls
Girls girls girls
Girls girls girls

Take me back

One more chance
This time around I'll get it fine I know
One more chance
Let me undo what I done before
One more

Girl I be loving you like la la la
But it be hitting you like blah blah blah
We be going back and forth like volley ball
Battling each other like galactic
Girl our love could be spectacular
But we crash like vehicular
Homicide I know why you sick of a brother with tricks that's quick to trick on ya
I know you want more than a dick in ya
You want a good nigga to stick with ya
I'll stick with ya and perfect my love
I'll protect ya girl if you give me just

One more chance
This time around I'll get it fine I know
One more chance
Let me undo what I've done before
Cause I don't want to go
Another day, another lonely night
I don't wanna be
In this world without you in my life
One more chance

This time around

Baby protect the love
lalala this time around
baby protect the love
lalala
baby protect the love
lalala this time around
Better get it right
This time around
Better get it right

Lemme lemme lemme lemme love you all day
Remix our love in a new way
Put it on put it on replay replay
Spin it around an' around like a dj dj
Forever and ever and always
Our endeavor got me sure like Albey
Yesterday gotcha feeling a little salty
Girl I promise you imma love you love you all the way
To the end L O V I N girl I'm serious no more pretending
I received all the love your sending
I'll give my all if you give me just

One more chance
This time around it's time for a different flow
A new romance
Do the things we've never done before
cause I don't wanna do
The same mistakes that I made yesterday
I love you
I really love you baby I really love you baby
laaa
Baby protect the love
lalala this time around
Baby protect the love
lalala
Baby protect the love
laa this time around
This time around better get it right
This time around better get it right

This time around, this time around, this time around, this time around
I promise baby imma change it
I'll remix it no more same shit
This time around, this time around, this time around, this time around
I promise baby I'll rearrange it I'll remix it no more same shit

This time around this time around this time around
Check it out now check it out now check it out now
eh eh

Fuck your friends girl
They just haters they just think that I'm a playa
But you don't see that love is greater
If not now then maybe later
Cause endlessly enormously
you will see my l o v will be strong until the end
baby give me one more chance

This time around I'll get it fine I know
One more chance
Let me undo what I've done before
Cause I don't want to go
Another day, another lonely night
I don't wanna be
In this world without you in my life
One more chance

lallalallalala
lalalalalala
lalalalala
lalalalalal
lalalalalalala
