

# It's Only Time

## The Magnetic Fields

Why would I stop loving you  
A hundred years from now?  
It's only time  
It's only timeWhat could stop this beating heart  
Once it's made a vow?  
It's only time  
It's only timeIf rain won't change your mind  
Let it fall  
The rain won't change my heart  
At allLock this chain around my hand  
Throw away the key  
It's only time  
It's only timeYears falling like grains of sand  
Mean nothing to me  
It's only time  
It's only timeIf snow won't change your mind  
Let it fall  
The snow won't change my heart  
Not at all(I'll walk your lands)  
I'll walk your lands  
(And swim your sea)  
And swim your seaMarry me  
Marry me(Then in your hands)  
Then in your hands  
(I will be free)  
I will be freeMarry me  
Marry meWhy would I stop loving you  
A hundred years from now?
