Amber Girl

Lacrimas Profundere

Yes I want you to
I want you to be mine
To beFall through seven seas
One suck you can't deny
For meShed ballast tears my dear
For you my amber girl
Or set you on fireBe mine or not I die for you
Sweet amber girl
I bleed for us and bask in youBe my little heart
Flaming lips on mine
To seeSymbols on your tongue
Say it's a begin
BelieveShed ballast tears my dear
For you my amber girl
Or set you on fireBe mine or not I die for you
Sweet amber girl
I bleed for us and bask in youShed ballast tears my dear
For you my amber girl
Or set you on fire
