

Freedom

[Joe Sabolick](#)

The Saints of God will sing
With one voice bring
The message that will change the world
Forgiveness from guilt and shame
The power of your name
You so loved the world, you gave

FREEDOM

You give me FREEDOM
Everyday™s a brand new day
Now I™m walking in Your ways

FREEDOM

You give me FREEDOM
The battle over death is won
Now the best is yet to come

You set the captives free
You gave me liberty
The chains that held me down are gone
You turn the night to day
You took my sin away
And now I sing this victory song

FREEDOM

You give me FREEDOM
Everyday™s a brand new day
Now I™m walking in Your ways

FREEDOM

You give me FREEDOM
The battle over death is won
Now the best is yet to come

FREEDOM

You give me FREEDOM
Everyday™s a brand new day
Now I™m walking in Your ways

The Saints of God will sing
With one voice bring
The message that will change the world
Forgiveness from guilt and shame

The power of your name
You so loved the world, you gave

FREEDOM

You give me FREEDOM
Everydayâ€™s a brand new day
Now Iâ€™m walking in Your ways

FREEDOM

You give me FREEDOM
The battle over death is won
Now the best is yet to come
